

DENİZ KASAP

COMPUTER SCIENCE STUDENT

PROFILE

I am a 21 year old computer science student. I live in Ankara and Izmir. I enjoy traveling, hiking, sports and gaming. I am also very interested in music and musical theory. I enjoy puzzles and problem solving which is the main reason I got into computer science. I enjoy learning new topics and challenging myself with new concepts. I am a really fast learner. I am also training to be a competitive programmer. Currently studying my 3rd year at Bilkent University. Planning on taking elective courses extensively on mathematics on my 4th year.
